

Off-Roading The Old New Thing

 devblogs.microsoft.com/oldnewthing/20081020-01

October 20, 2008

Raymond Chen

My friend [::Wendy::](#) decided that going off topic in the comments to this Web site was so much fun, she didn't want to let the [Ground Rules](#) stop her. So she created the [Off-Roading The Old New Thing](#) group, where people who get a thrill out of going off topic can do so without running afoul of this Web site's Ground Rules.

Have fun, everybody!
