

Merry Christmas to me: Zune headphones

 devblogs.microsoft.com/oldnewthing/20091225-01

December 25, 2009

Raymond Chen

My article some time back about accidentally destroying my beloved Zune headphones resulted in a number of people sending me their unwanted Zune headphones via inter-office mail. This was not my intention when I posted the article—if that were my goal, I would have posted the article immediately instead of waiting a year and a half!—but it was nevertheless a pleasant surprise. Every so often strangers come through.

Thanks, everybody.
