Every so often, I'll run across a statement of the obvious disguised as news and post it to the [News flash](#) tag, but the ones I've found have nothing on this collection of the [11 Most Painfully Obvious Newspaper Articles Ever](#). Just click through and slap your forehead.

Bonus News Flash: *Mark McGwire used steroids*. I can't wait to see what other breaking news stories we'll have in the coming days. "Pope's religion identified." "Bear feces found in forest."
