

# The Impact of Dragonfly Malware on Industrial Control Systems

---

 [sans.org/reading-room/whitepapers/ICS/impact-dragonfly-malware-industrial-control-systems-36672](https://sans.org/reading-room/whitepapers/ICS/impact-dragonfly-malware-industrial-control-systems-36672)

SANS ICS

Dragonfly malware infected hundreds of business computers in an often successful attempt to collect information on industrial control systems across the United States and Europe. The attack was performed in an orchestrated manner over an extended period of time and used infection methods that were...
