Twitter

Microsoft Word also leveraged in the email campaign, which uses a 22-year-old Office RCE bug. <https://t.co/pr5jq08fPx>

## Discussion

---

Hi. You should update your article to reflect how the "historically private bug hunting program" by Apple was made public. The article you linked you is about how the program went public and rewarding with bigger payouts. Unless there's another article you meant to link.
